

**אישח"מ - איגוד ישראלי לשיטות חישוביות במכניקה**

**IACMM – Israel Association for Computational Methods in Mechanics**

## **Call for Lectures**

### **The 51<sup>st</sup> Israel Symposium on Computational Mechanics (ISCM-51)**

**Date: Thursday, March 23<sup>rd</sup>, 2023**

**Venue: Auditorium 165, The Faculty of Aerospace Engineering, Technion.**

**Keynote Lecture: Prof. Sanjay Govindjee, University of California, Berkeley, USA.**

#### **Call for lectures:**

We invite lecture proposals in all the fields related to computational mechanics, in its broadest sense.

Please email abstracts to Dr. Dana Solav at [danas@technion.ac.il](mailto:danas@technion.ac.il) or Dr. Pavel Galich at [galich.pi@technion.ac.il](mailto:galich.pi@technion.ac.il) by **February 23<sup>rd</sup>, 2023**.

The abstract must contain, on one page, the title, the authors' full names (the presenter's name underlined), the authors' affiliations, the presenter's email address, and the abstract text itself. Figures and references are optional. Please use the attached template.

**The symposium is supported by the Technion.**

**Local organizers:** **Dr. Pavel Galich**, faculty of aerospace engineering, Technion

**Dr. Dana Solav**, faculty of mechanical engineering, Technion

**Committee:** **Dr. Pavel Galich**, faculty of aerospace engineering, Technion

**Dr. Dana Solav**, faculty of mechanical engineering, Technion

**Assoc. Prof. Mahmood Jabareen**, faculty of civil engineering,  
Technion

One of the lecturers (excluding the invited lectures) amongst the 50<sup>th</sup> and 51<sup>st</sup> symposia **will be awarded the association's support for traveling to an international conference in the field of computational mechanics.**
